

Institutions with 'neuroscience' majors by different names (as found on Cappex/College Board databases, 2016)

Andrews University (has a Behavioral Neuroscience emphasis BS within Psychology)
Bard College (has a Mind, Brain, and Behavior concentration)
Barnard College (has Neuroscience and Behavior)
California Institute of Technology (has Neurobiology)
Case Western Reserve University (has Cognitive Neuroscience or Cognitive Science)
Colby College (has neuroscience courses within Psychology)
Columbia University (has Neuroscience and Behavior)
Connecticut College (has Behavioral Neuroscience)
Emmanuel College – Massachusetts (has Biology: Neuroscience or Psychology: Neuroscience)
Emory University (has a Neuroscience and Behavioral Biology BS)
Fordham University (major called Integrative Neuroscience)
Georgetown University (has Neurobiology)
Hampshire College (has Human Cognition and Cognitive Neuroscience or Psychology and Cognitive Neuroscience; also have area of study in Neuroscience)
Lehigh University (has Behavioral Neuroscience BS)
Macalester College (major called Neuroscience Studies)
Massachusetts Institute of Technology (has Brain and Cognitive Sciences)
Millsaps College (has Neuroscience and Cognitive Studies)
Moravian College (Neuroscience major with emphasis in Cellular Neurobiology, Behavioral Neuroscience, or Cognitive Neuroscience)
Mount Holyoke College (has Neuroscience and Behavior)
New York University (has a Neural Science BS)
Northeastern University (has Behavioral Neuroscience)
Notre Dame of Maryland University (has Behavioral Neuroscience)
Queens College, City University of New York (has 2 majors: Neuroscience & Biology, Neuroscience & Psychology)
Temple University (has 2 majors: Cellular and Molecular; and Systems, Behavior and Plasticity)
Tufts University (has Cognitive and Brain Sciences or Biopsychology)
University of Arizona (major called Neuroscience and Cognitive Science (has 7 areas of concentration one can major in))
University of California at Berkeley (has Molecular and Cell Biology: Neurobiology)
University of California Davis (has Neurobiology, Physiology and Behavior)
University of California Irvine (has Neurobiology)
University of Chicago (neuroscience is a specialization within the biological sciences)
University of Cincinnati (has 3 neuroscience majors: brain, mind, and behavior; neurobiology; neuropsychology)
University of Georgia (has Cognitive Science)
University of Kansas (has Behavioral Neuroscience, in psychology department)
University of New Hampshire (has Neuroscience and Behavior)

University of Pennsylvania (has Cognitive Science)

University of Rochester (has Brain and Cognitive Sciences, or Biological Sciences:
Neuroscience)

University of San Diego (has Behavioral Neuroscience)

University of Toledo (Neuroscience is a concentration within the biology major)

Villanova University (has Cognitive and Behavioral Neuroscience)

Wake Forest University (Undergrad minor only, can earn masters in 5 years)

Washington University in St. Louis (Neurosciences is an area of study within the biology
major)

Western Washington University (has Behavioral Neuroscience)

Yale University (has Neurobiology, Neurology, and Neurosurgery)
