

Demographics

As a student enrolled in PHR 2400 at The Ohio State University, you are being invited to participate in a research survey. This is a consent form for research participation. It contains important information about this study and what to expect if you decide to participate. The study consists of a short survey which should take approximately 5 minutes to complete. The survey is anonymous. No one will know your responses. Answering the survey questions is voluntary. Please consider the information carefully. Feel free to ask questions before making your decision whether to participate. You may withdraw at any time by closing out the survey. Additionally, you may participate but decline to answer any specific questions during the survey. There are no anticipated risks to participant involvement with this survey. Purpose: The purpose of this survey is to evaluate the impact of the type and extent of addiction education in an undergraduate course. By learning about your perspectives, the results of this survey will help us

understand how addiction education impacts understanding of mechanisms of addiction as well as attitudes towards individuals with substance use disorder. Results will be compiled and analyzed in aggregate by research team. Participant Rights: You may refuse to participate in this study without penalty or loss of benefits to which you are otherwise entitled. Your decision will not affect your grades or status in this course. If you choose to participate in the study, you may discontinue participation at any time without penalty or loss of benefits. By agreeing to participate, you do not give up any personal legal rights you may have as a participant in this study. This study has been determined Exempt from IRB review. Contacts and Questions: If you have questions regarding this survey, please contact Leslie Newman (newman.439@osu.edu) or Ashley Swisshelm (Swisshelm.13@buckeyemail.osu.edu). For questions about your rights as a participant in this study or to discuss other study-related concerns or complaints with someone who is not part of the research team, you may contact the Office of Responsible Research Practices at 1-800-678-6251 or hsconcerns@osu.edu. Clicking the button below will open the survey. By clicking the button below, you acknowledge that your participation in the study is voluntary, you are 18 years of age, and that you are aware that you may choose to terminate your participation in the study at any time and for any reason. Please note that this survey will be best displayed on a

laptop or desktop computer. Some features may be less compatible for use on a mobile device. Thank you for your participation.

- ☐ I consent, start the survey
- ☐ i do not consent, exit the survey

What is your current year in school?

- ☐ First year
- ☐ Second year
- ☐ Third year
- ☐ Fourth year
- ☐ Beyond fourth year

What subject area best describes your major?

- ☐ STEM
- ☐ Healthcare (pre-med, pre-pharm, etc.)
- ☐ Social studies
- ☐ Business/Finance
- ☐ Undecided
- ☐ Other

How would you describe your gender identity (select all that apply)?

- ☐ Male
- ☐ Female
- ☐ Cisgender
- ☐ Transgender
- ☐ Nonbinary, genderqueer, genderfluid, and/or bigender
- ☐ Agender
- ☐ Typed response below
- ☐ Prefer not to say

Please enter the following for correlation with pre-survey data (skip if you did not take the pre-survey)

First letter of the city where you were born

First letter of mother's/guardian's maiden name

Birth month in digits (e.g., 04 for April)

SUD Experience and Knowledge

I have learned about substance use disorder (SUD)/addiction mostly from:

- ☐ Other people (friends and family)
- ☐ Media (internet, TV)
- ☐ Education (in school)
- ☐ Other
- ☐ I have not learned about SUD

Have you experienced SUD or had a friend or family member experience SUD?

- ☐ Yes, myself
- ☐ Yes, a friend or family member
- ☐ No

Substance use disorder (SUD)/addiction is best characterized as:

- ☐ A moral failing
- ☐ A personal choice
- ☐ A biological disease

- ☐ A mental health condition
- ☐ A consequence of the area where one lives

Do you or your friends/family members use any addicting drugs?

- ☐ No
- ☐ Yes, alcohol and other drugs
- ☐ Yes, alcohol only
- ☐ Not sure

Perceptions of SUD

SUD knowledge

Disagree

Neutral

Agree

SUD/addiction can
be overcome with
willpower

☐☐☐

SUD/addiction should
be considered a
chronic disease like
other conditions such
as diabetes

☐☐☐

Disagree

Neutral

Agree

Illegal opioid drug use is more likely to lead to addiction than prescription opioid drug use

☐☐☐

Empathizing with the human component of addiction makes me want to learn more about how addiction affects the brain

☐☐☐

Perception of individuals with SUD

Disagree

Neutral

Agree

I would have compassion for an individual with SUD/addiction

☐☐☐

I would see myself as weak if I had a SUD/addiction

☐☐☐

I am concerned about the harms associated with substance/drug use

☐☐☐

I feel comfortable engaging with individuals with SUD/addiction

☐☐☐

Disagree

Neutral

Agree

Understanding the neurobiology of addiction has made me appreciate the adversities of an individual with SUD
